

JILTED BEAUTY DONS BALL GOWN AND TRIES TO DIE

Note Written on Sole of Shoe
Tells Romance of
Mrs. Blake.

Dressed in a pale blue silk spangled ball gown, Mrs. Lillian Blake, beautiful and forty, was found unconscious in her two-room apartment at No. 98 Christopher street today by a tenant in the house. A tube was connected with a gas jet and her mouth. She was removed to St. Vincent's hospital, where the physicians said she had a scant chance for recovery.

This message, written on the inner sole of a shoe, was found at the woman's bedside: "If I could kiss you once more, I could die happy."

A sealed letter addressed to Matthew Miles, of No. 381 Bleecker street, also was found in the room, and neighbors of Mrs. Blake say that it was a quarrel with Miles which prompted her to try to end her life.

Until St. Patrick's Day Mrs. Burke had been the happiest tenant of the house. She frequently visited neighbors' rooms and hospitably entertained them. Up to this time Miles, it is said, was a constant caller on Mrs. Blake, and on the evening of St. Patrick's Day he took her to a ball. She wore the same gown in which she was found today.

Mrs. Blake, the day following, told her neighbors that she and Miles had quarreled and he had declared he would never see her again.

She became despondent when she was unable to meet the last two weeks' rent for her rooms. Yesterday she was served with a dispossession writ and planned to move out. While packing up her belongings she told Mrs. Bantani, who occupies the adjoining apartment, that Blake had deserted her for a blonde woman with whom he had become smitten on the night of the ball. Early today Mrs. Bantani was awakened by the wall of her two-year-old child, Margaret, a three-months-old infant, was unconscious, and the elder of the two was nearly choked by a violent fit of coughing. Mrs. Bantani smelled gas. Mrs. Levy and Mrs. Hutt feared the gas came from the rooms of Mrs. Blake. Proceeding to Mrs. Blake's rooms, the found her.

UNKNOWN, DIES BY GAS.

A middle-aged man who did not make known his identity when he engaged a room in a house at No. 331 East Forty-second street on Monday committed suicide early today by inhaling illuminating gas through a tube which he had attached to a jet on the wall.

The man appeared to be a German, and his hands were rough like a mechanic's. He left no message of any sort, and but a few trinkets were found in his clothes.

"By George, I never say anything like the effects of that new treatment, Pro-tone, for the building up of weight and lost nerve force. I acted more like a miracle than a medicine," said a well-known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonics, digestive, heavy eating, diets, milk, beer and almost everything else you could think of, but without result."

A sealed letter addressed to Matthew Miles, of No. 381 Bleecker street, also was found in the room, and neighbors of Mrs. Blake say that it was a quarrel with Miles which prompted her to try to end her life.

Any Man or Woman Who Is Thin Can Recover Normal Weight by the Remarkable New Treatment, Pro-tone.

I had been thin for years, and began to think it was natural for me to be that way. Finally I read about the remarkable process brought about by the use of Pro-tone, so I decided to try it myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just 30 pounds during the last month, and never felt stronger or more "jerry" in my life. Pro-tone is a powerful inducer of nutrition, increases cell-growth, makes perfect the assimilation of food, increases the number of blood-corpuscles, and as a necessary result builds up muscles and solid, healthy flesh, and rounds out the figure. For women who can never appear stylish in anything they wear, because of their thinness, this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener. It will cost you nothing to prove the remarkable effects of this treatment. It is absolutely non-injurious to the most delicate system. The Pro-tone Company, 1233 Protone Bldg., Detroit, Mich., will send to any one who sends name and address a free 5c package of Pro-tone, with full instructions, to prove that it does the work. They will also send you their book on "You Are Thin," free of charge, saving facts which will probably astonish you. Send coupon below today with your name and address.

Charles Baird, a wealthy art collector, who makes his home at the Waldorf-Astoria when in this city and lives at Conway Centre, N. H., has a controversy with the Customs authorities over duties charged on a series of Egyptian scenes which were painted to the order of Mr. Baird. He ordered the paintings sent here for his private use in his country home, but Collector Fowler ordered him to pay 20 per cent duty on them.

Mr. Baird raises the question of the application of the reciprocity agreement between the United States and England, claims that the duty should not be more than 15 per cent, and declares that the Customs officers should distinguish between cotton and sugar and art.

Notwithstanding Mr. Baird's appeal, the Customs Court decided against him today and sustained the higher duty fixed by the collector. General Appraiser Waite, who wrote the decision, says the Court has found that the agreement provides no exceptions for paintings, but holds them the same as other products so far as duty is concerned. As the paintings were not made in England, reciprocity with that country cannot apply.
